

I have my phone number on Indiana's "no call list" and I am very happy with the law the way it is! I am no longer "harassed" by companies that I NEVER WANTED TO DO BUSINESS WITH!! I am asking you to NOT alter our law in any way. The state of Indiana should be left in charge of the no call list, not the FCC. People now have something on our side to protect us from those harassing telemarketers that do not take NO for an answer. Please leave our law alone!!!!!!!!!!!!!!
